Last position

- 2020 **Post-doc** Analysis and synthesis of the *Global Charcoal Database* (coord. B. Vanni re) – University of Franche-Comt 

Areas of specialization

palynology, palaeo-environments, palaeo-ecology, ecology, botany, plant communities

Education

- 2015 **Ph.D.** in Biology at the University of Innsbruck (Austria), grade *excellent*
titled *10,000 years of climate and settlement dynamics in the Silvretta Massif between the Paznaun (Austria) and Lower Engadine (Switzerland) valleys*
under the supervision of Jean Nicolas Haas
defended on September 3th, 2015
- 2010 **Master** in Environmental Sciences at the University of Franche-Comt  (France), *magna cum laude*
titled *Pluie pollinique et microfossiles non polliniques : constitution d'un r f rentiel actuel pour la reconstitution des paysages sylvo-pastoraux du Haut-Doubs*
under the supervision of  milie Gauthier and Fran ois Gillet
- 2008 **Licence** in Biology-Ecology at the University of Franche-Comt  (France)

Awards

- 2016 **Pro Montes Award** for research for the future of alpine cultural landscape from the Swiss Foundation for Alpine Studies

Publications

Publications in peer-reviewed journals

- in press
- Dendievel, A.-M., Argant, J., Dietre, B., Delrieu, F., Jouannic, G., Lemdahl, G., Mennessier-Jouannet, C., Mille, P., Haas, J. N. and Cubizolle, H. (n.d.[a]). Multi-proxy study of the Pialeloup Bog (SE Massif Central, France) reveals long-term human environmental changes affecting peat ecosystems during the Holocene. *Quaternary International* ().

- Sorrel, P., Jacq, K., Van Exem, A., Escarguel, G., Dietre, B., Debret, M., McGowan, S., Ducept, J., Gauthier, E. and Oberhänsli, H. (2021). Evidence for centennial-scale Mid-Holocene episodes of hypolimnetic anoxia in a high-altitude lake system from central Tian Shan (Kyrgyzstan). *Quaternary Science Reviews* 252. DOI: [10.1016/j.quascirev.2020.106748](https://doi.org/10.1016/j.quascirev.2020.106748). 2021
- Dendievel, A.-M., Serieyssol, K., Dietre, B., Cubizolle, H., Quiquerez, A. and Haas, J. N. (n.d.[b]). Late-Glacial and Early Holocene environmental changes affecting the shallow lake basin of La Narce du Béage (Ardèche, Massif Central, France). *Quaternary International* (). Evolutions environnementales depuis l'Atlantique en haute Ardèche : palynologie, macro-restes et mesures physico-chimiques sur les séquences tourbeuses du Plateau du Béage (Massif Central, France). French. *24^e Symposium de l'Association des Palynologues de Langue Française*. Pontarlier. Oral communication.
- 2014 • Walser, C., Dietre, B., Reitmaier, T., Kothieringer, K., Haas, J. N. and Lambers, K. (2014). „Hartgesottene Äpler“: Der Einfluss des Klimas auf die Hochlagennutzung in den zentralen Ostalpen zu Beginn der Bronzezeit. German. *7th Archaeological Conference of Central Germany*. Halle. Poster.
- 2012 • Dietre, B., Anich, I., Lambers, K., Walser, C., Nicolussi, K., Thurner, A., Reitmaier, T. and Haas, J. N. (2012c). 10,000 years of land use history in the Silvretta Massif (Austria/Switzerland): from woodlands to alpine pastures and meadows. *15th Meeting of Austrian Botanists*. Innsbruck. Poster.

International seminars

- 2015 • Dietre, B. (2015b). Transhumance verticale dans les Alpes Centrales aux âges des métaux. French. *Séminaire Interactions Hommes-Animaux*. Besançon. Oral communication.
- 2015 • Dietre, B. (2015a). Pastoralisme et Haute Montagne : histoire des activités humaines en Basse Engadine (CH). French. *Séminaire franco-suisse – Approches thématiques en archéologie*. Besançon. Oral communication.
- 2015 • Dietre, B. and Haas, J. N. (2015b). When did pastoralism start? The use of subalpine and alpine areas through prehistoric times: the palynological evidence. *Prehistoric Alpine Pastoralism Workshop*. Chur. Oral communication.

National seminars

- 2012 • Dietre, B., Anich, I. and Haas, J. N. (2012a). Palynological evidence of Holocene plant diversity change in Fimba Valley (Austria/Switzerland). *Botanical Seminar of the Institute of Botany*. Innsbruck. Oral communication.

Other presentations

- Cuenot, Q. and Dietre, B. (2015). Créer d'élégants graphiques dans R – Introduction au package ggplot2. French. *R Meetup*. Besançon. Oral communication. 2015

Appointments held

- Post-doc** Palynological and charcoal analyses from the Silvretta Massif (coord. J. N. Haas) – University of Innsbruck 2019
- Post-doc** Palynological and XRF analyses from Lake Mondsee, Austria (coord. J. N. Haas) – University of Innsbruck 2019
- Post-doc** Palynological analyses from Osor Lake and Omisalj mire, Croatia (coord. M. Čaušević-Bully) – University of Burgundy-Franche-Comté 2018
- Post-doc** Palynological analyses from Lake Remoray and the La Beuffarde mire, France, and the Les Araygnis mire, Switzerland (coord. H. Richard) – University of Franche-Comté 2017
- Post-doc** Palynological analyses from Lake Mondsee, Austria (coord. J. N. Haas) – University of Innsbruck 2016
- Post-doc** Palynological and carpological analyses from the Roman settlement of Pfongau, Austria and from the Lazaun Bog, Italy (coord. J. N. Haas) – University of Innsbruck 2016
- Research project** Palynological analyses from Alba-la-Romaine, France (coord. F. Isnard) 2015
- Research project** Palynological analyses from the Dizy Bog, Switzerland (coord. H. Richard) – University of Franche-Comté 2015
- Research project** Palynological analyses from the Lazaun Bog, Italy (coord. J. N. Haas & K. Krainer) – University of Innsbruck 2014–2015
- Research project** Palynological analyses from the Roman settlement of Pfongau, Austria (coord. J. N. Haas) – University of Innsbruck 2014
- Research project** Palynological analyses from Le Béage, Massif Central, France (coord. H. Cubizolle & J. N. Haas) – Universities of Lyon–Saint-Étienne and Innsbruck 2014
- Research project** Palynological analyses from Brüsti, Canton of Uri, Switzerland (coord. J. N. Haas) – University of Innsbruck 2013–2014
- Research project** Palynological analyses from Gourgon, Massif Central, France (coord. H. Cubizolle & J. N. Haas) – Universities of Lyon–Saint-Étienne and Innsbruck 2013–2014
- Research project** Palynological analyses from the Holocene Lazaun rock glacier, Italy (coord. J. N. Haas & K. Krainer) – University of Innsbruck 2011–2013
- Ph.D. research** *10,000 years of climatic and human impact in the Sivretta Massif between the Paznaun Valley (Austria) and the Lower Engadine (Switzerland)* (coord. J. N. Haas & K. Lambers) – Universities of Innsbruck and Bamberg 2010–2014
- Research project** Biodiversity in grasslands, France (coord. F. Gillet) – University of Franche-Comté 2010

Fundings

Post-doctoral studies about past human land-use of the environment of the Silvretta Massif funded by the Swiss Foundation for Alpine Research.

Post-doctoral studies about past human land-use of the environment of the High Doubs Valley funded by the Region of Burgundy–Franche-Comté (grant number: RECH-MOB16-000008)

Analyses of macro-charcoal particles from the Saglias Bog funded by the *Interdisciplinary Department of French Studies of the University of Innsbruck*

Ph.D. thesis funded by the *Herzog Sellenberg Foundation* and the *Dr. Erich Ritter Foundation*, Germany (grant number: T021/20506/2010).

Teaching

- 2014–2020 **Lecture** in statistics with *R* to various audiences: Master and PhD students in Archaeology, Botany, Ecology, PhDs, post-docs, research assistants, professors, at the University of Franche-Comté and the University of Innsbruck
- 2015–2016 **Lecture** on development of agriculture in Europe given to Master students in Environmental Sciences of the University of Franche-Comté
- 2015 **Lecture** on recent evolution of agricultural systems in Europe given to Master students in Environmental Sciences of the University of Franche-Comté
- 2015 **Practical Work** during which Master students in Environmental Sciences of the University of Franche-Comté criticise papers about present and past dynamics of middle mountain agricultural systems
- 2013 **Excursion** in the Central Alps for Botany with Bachelor students in Biology of the University of Innsbruck
- 2011 **Practical Work** in *Plant Systematics and Diversity* given to Bachelor students in Biology of the University of Innsbruck

Languages

- French (native)
- English (very good)
- German (good)
- Italian, Spanish (basics)

Computer skills

- OSes: macOS, Linux, Windows
- Software: Tilia, PolyCounter, Office, Illustrator, InDesign
- Statistical computing in *R* and elegant graphics and maps with *ggplot2*
- Age-depth modeling with *clam* and *Bacon*
- Scripting in *R* and *AppleScript*
- Programming with *Arduino*
- Typesetting in \LaTeX
